| From the Inside Out .....   | [X]        |
| How Stories Can Accelerate Innovation .....                       | [X]        |
| Stories Capture the Heart and Mind .....                          | [X]        |
| How to Craft a Good Story .....                                   | [X]        |
| <br>  |            |
| <b>2. Storytelling in Visioning</b> .....                         | <b>[x]</b> |
| “Why Does a Jock School Need a Computer?” .....                   | [X]        |
| Archetype of a Visionary .....                                    | [X]        |
| Craft the Vision .....  | [X]        |
| Explore the Vision with the Team .....                            | [X]        |
| Translate the Vision into an Action .....                         | [X]        |
| Story Techniques for Visioning .....                              | [X]        |
| <br>  |            |
| <b>3. Storytelling during Exploration and Clarification</b> ..... | <b>[x]</b> |
| “Pat Was in a Panic” .....  | [X]        |
| When Success Is as Defeating as Failure .....                     | [X]        |
| Stories Uncover Deeper Meaning .....                              | [X]        |
| Story Listening Unlocks Insights .....                            | [X]        |
| Story Techniques for Exploration and Clarification .....          | [X]        |
| <br>  |            |
| <b>4. Storytelling in Ideation</b> .....                          | <b>[x]</b> |
| “The Intern Was Right” .....                                      | [X]        |
| Why My Fourteen Ideas Fell Flat .....                             | [X]        |
| Stories Spark the Flow of Ideas .....                             | [X]        |
| Creative Styles and Ideation .....                                | [X]        |
| Ways to Bring Stories in Ideation Sessions .....                  | [X]        |
| Story Techniques to Diverge .....                                 | [X]        |
| Story Techniques to Converge .....                                | [X]        |

|   |            |
|---|------------|
| <b>5. Develop, Test, and Prototype with Stories</b> .....     | <b>[x]</b> |
| "We Love This Idea" .....                                     | [X]        |
| When Development Goes Sideways .....                          | [X]        |
| Staying on Course .....                                       | [X]        |
| How Stories Can Keep Development on Track .....               | [X]        |
| Story Techniques for Development and Testing .....            | [X]        |
| Using Stories during Implementation .....                     | [X]        |
| <br>  |            |
| <b>6. Strategic Framing for Stakeholders</b> .....            | <b>[x]</b> |
| "What's the Story?" Part 1 .....                              | [X]        |
| Let's Talk about the Weather .....                            | [X]        |
| The Strategic Arc .....                                       | [X]        |
| Using Stories in Stakeholder Engagement .....                 | [X]        |
| <br>  |            |
| <b>7. Pitches, Presentations, and Elevator Speeches</b> ..... | <b>[x]</b> |
| "Paper or Plastic?" .....                                     | [X]        |
| Let Me Tell You a Story .....                                 | [X]        |
| Weaving Stories into Pitches and Presentations .....          | [X]        |
| Where to Use Stories in the Pitch .....                       | [X]        |
| Elevator Speeches .....                                       | [X]        |
| How to Tell a Good Story .....                                | [X]        |
| <br>  |            |
| <b>8. Facilitate with Stories</b> .....                       | <b>[x]</b> |
| >Your Mission Should You Choose to Accept It. ....            | [X]        |
| Rally a Team Around a Mission .....                           | [X]        |
| Create Memorable Team Experiences .....                       | [X]        |
